

Why live in Menlo College Housing?

Our staff and residents would ask, "Why live anywhere else?"

We are pleased that you are considering being a part of our College Housing residential community. While convenience to campus is often the number one reason for living on campus, you'll find there is much more to help you make your College residence hall an enjoyable place to study, live, work, eat, and play. You'll discover opportunities for meeting other residents who have interests that match your own and you'll develop friends with whom to study, eat pizza, go to sports, theater, or other events and engage in discussions. Learn about the programs and services available to our residents and see for yourself all of the benefits of living in Menlo College Housing.

- Opportunities to meet new people and develop lasting friendships.
- Easy walking distance to classes, the libraries, shopping, and recreational areas.
- Within short walking distance to the Menlo Park Caltrain station offering service to many points between San Jose and San Francisco.
- Nutritionally (organic) prepared all-you-care-to-eat meals offering multiple choices, including self-service salad bar and "made to order" deli sandwich bar.
- Social, educational, cultural, and recreational opportunities are available in all housing locations. Intramural sports, movies, dances, etc., are samples of campus events. Also, when you want to be alone, there are quiet places available.
- Community behavioral standards govern Campus Housing and are in place in the event that conflicts between residents, or allegations of violations of residence hall regulations occur within the residential community. These standards reflect a respect for the rights and responsibilities necessary in community situations and are in place to ensure that your experience living in Campus Housing is a positive one.
- Live-in professional and student staff are available for advice or referrals on just about any topic from personal problems to career decisions. The services, skills, and time of full-time, professional staff members are available in all Campus Housing.
- Opportunity to participate in student government organizations, such as the active Residence Hall Association.
- DirecTV basic cable provided as well as internet access in each residence.
- Research concludes that living in campus housing has a positive influence on a student's grade point average, level of involvement in campus activities, retention at the College, and satisfaction with his or her collegiate experience.

We look forward to seeing you at "Silicon Valley's Business School" in the Fall and if we can be of more assistance please do not hesitate to call the Office of Residential Life at 650-543-3779. Go Menlo Oaks!

Sincerely,

Jessie J. Guillot, III
Director of Residential Life & Judicial Affairs
